**Hudcova 424/56b, Brno, Czech Republic**  
Authorization Decision 27/2006 dated 29/08/2006

# PRODUCT CERTIFICATE

No.: **AO 202/C5/2015/Reg. No.: J-30-20598-15**

In accordance with the provisions of Art. 5 (2) of Government Regulation 163/2002 Coll., laying down the technical requirements for selected construction products, as amended by Government Regulation 312/2005 Coll., the Authorized Body hereby confirms that for the following construction product

Type designation: Nuts, property class 6  
DIN 315, DIN 439, DIN 928, DIN 929, DIN 1587, DIN 6334, DIN 6923,  
Drive-in nuts 900A

Versions: DIN 315 – M4 - M20, DIN 439 – M3 - M30, DIN 928 – M5 - M12,  
DIN 929 – M4 - M16, DIN 1587 – M4 - M24, DIN 6334 – M5 - M30,  
DIN 6923 – M3 - M20, 900A – M4 - M12

Importer: HOPE fix, a.s.  
Jiráskova 972/52, 697 01 Kyjov, Czech Republic

ID No.: 29292751

it reviewed the background materials submitted by the importer, conducted the initial product type testing on the sample, assessed the method of product inspection by the importer, and ascertained that the products specified above fulfil the essential requirements of Government Regulation 163/2002 Coll., as amended by Government Regulation 312/2005 Coll. For the assessment of conformity, the Authorized Body made use of Construction Technical Certificate STO-30-20597-15 dated 1 October 2015, valid until 1 October 2018.

The Authorized Body ascertained that the method of product inspection used by the importer complies with the corresponding technical documentation pursuant to Art. 5 (1) (d) and ensures that the products placed on the market fulfil the requirements specified in the Construction Technical Certificate specified above and correspond to the technical documentation pursuant to Art. 4 (3).

An integral part of the present Certificate is Final Report No. 30-10365 dated 12 October 2015, which contains the conclusions drawn from the inspections and verifications, as well as the test results and basic description necessary for the identification of the certified products.

The present Certificate remains valid for a period in which the requirements specified in the Construction Technical Certificate to which reference is made, or the method for product inspection used by the importer remain substantially unchanged.

At least once every 12 months, the Authorized Body will check the due functioning of the importer's product inspection system pursuant to the provisions of Art. 5 (5) of the above-mentioned Government Regulation, take product samples, test the product samples and assess whether the product characteristics comply with the Construction Technical Certificate. Should the Authorized Body identify any defects, it shall be authorized to cancel or modify the present Certificate.

Brno, on 13 October 2015

  
Ing. Pavel Šticha  
Director for Certification
