

HOPE fix, a.s. is a Czech joint-stock company, established on 15 September 2011. It continues to build on the many years of tradition amassed by the company Šroubárna Ždánice.

The history of Šroubárna Ždánice reaches back to 1951, when it was set up as a state enterprise. The main production programme manufactured fasteners using cold-forming and turning. Gradually the company began to specialize in cold-forming steel. In 1992, the private company Šroubárna Ždánice a.s. was established, which continued the tradition of mass-production, especially of fasteners using thread. In 2002 the company underwent restructuring, and production was replaced by importing standardized fasteners. Thus the company was transformed – from a manufacturing to a trading company.

Emphasis is placed long-term on our quality management system, which is based on our ISO 9001:2000 certification, granted in 2003. Our strategic goal is to deliver standardized fasteners of the highest quality. An important facet within the company's philosophy is our environmental policy, which is sustained by strictly sorting the waste materials produced in our business activities.

The main business activity of **HOPE fix, a.s.** is supplying standardized fasteners to the wholesale trade. Our product range includes screws, nuts and bolts, washers, threaded rods, rivets, turnbuckles and anchors. We trade not just in the Czech Republic, we also export to Germany, Austria, Italy, Spain, Slovakia, Hungary, Poland, Romania, the United Kingdom, Ireland, Finland, Sweden, Lithuania, Slovenia, Bulgaria, Serbia, and elsewhere. We are a substantial provider of fasteners to the Central European market.

We fasten everything with a smile.

VRUTY DO DŘEVA – CHIPBOARD SCREWS

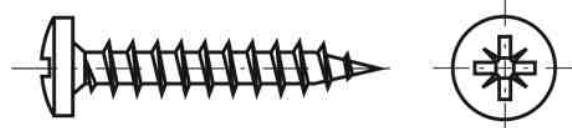

Vruty do dřeva zapuštěná hlava, celý závit, křížová drážka,
(interní označení DIN 7505A)

Chipboard screws with countersunk head (full thread)

Vruty do dřeva půlkulatá hlava, křížová drážka,
(interní označení DIN 7505B)

Chipboard screws PAN head pozidrive

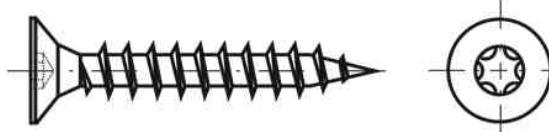

Vruty do dřeva zapuštěná hlava, částečný závit, křížová
drážka, (interní označení DIN 7505C)

Chipboard screws with countersunk head (partial thread)

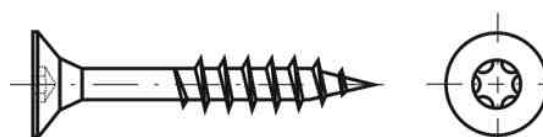

Vruty se záplustnou hlavou TORX, celý závit,
(interní označení DIN 7505G)

Chipboard screws double flat head full thread – TORX

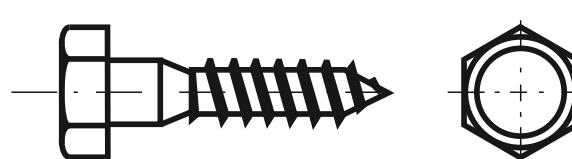

Vruty se záplustnou hlavou, částečný závit TORX,
(interní označení DIN 7505H)

Chipboard screws double flat head partial thread – TORX

Vruty do dřeva se šestihrannou hlavou,
(podle normy DIN 571)

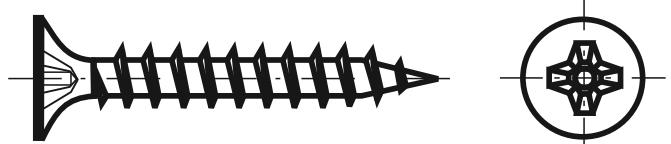

Hexagon head wood screws

ŠROUBY DO SÁDROKARTONOVÉ DESKY – DRY WALL SCREWS

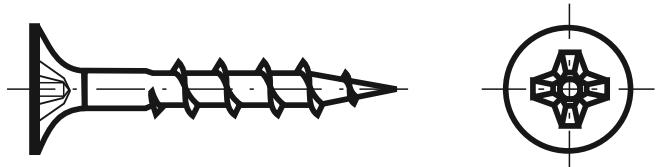

*Šrouby do sádrokartonové desky, dvouchodý závit,
Phillips PH, (interní označení D 7505D)*

*Cross recessed dry wall screws with fine thread-
Phillips*

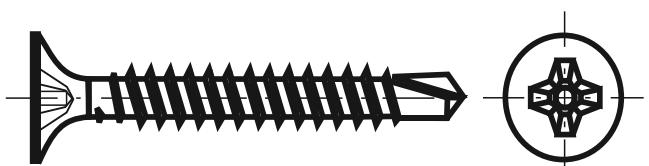

*Šrouby do sádrokartonové desky, hrubý závit
(coarse), Phillips PH, (interní označení DIN 7505F)*

*Cross recessed dry wall screws with coarse thread-
Phillips*

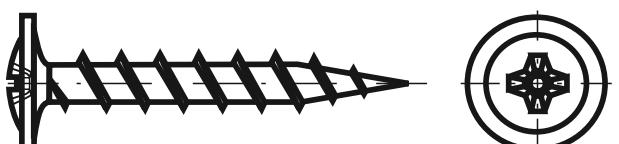

*Šrouby do sádrokartonové desky, samovrtný,
Phillips PH, (interní označení DIN 7505I)*

*Cross recessed dry wall screws self drilling (Phillips) -
Fine thread*

*Šrouby do sádrokartonové desky, rámová hlava,
Phillips PH, (interní označení DIN 7505J)*

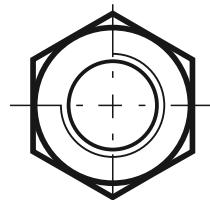

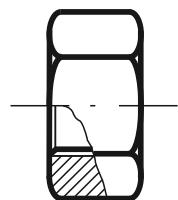

*Cross recessed dry wall screws wafer head (Phillips) -
Coarse thread*

MATICE - NUTS

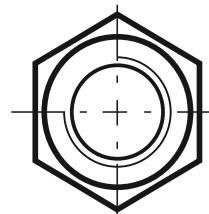

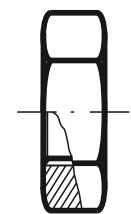

*Matrice šestihranná,
(podle normy DIN 934.8, DIN 934.10, DIN 934 fine
thread, DIN 934 Left Hand)*

Hexagon nuts

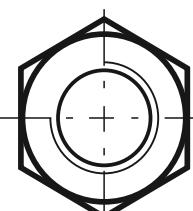

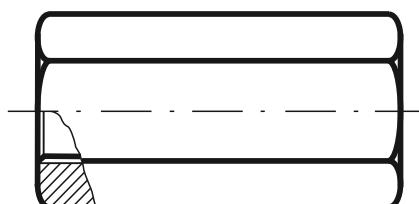

*Matrice šestihranná nízká,
(podle normy DIN 439)*

Hexagon nuts

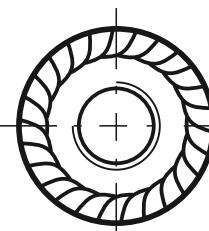

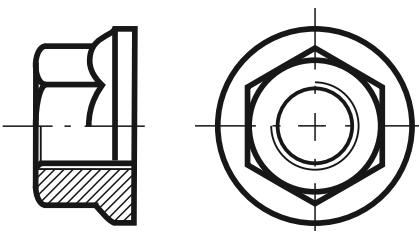

*Matrice šestihranná spojovací,
(podle normy DIN 6334)*

Hexagon connection nuts

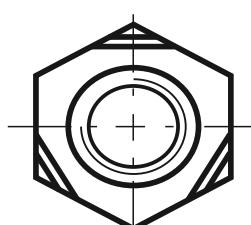

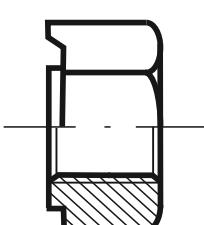

*Matrice šestihranné s přírubou,
(podle normy DIN 6923)*

Hexagon flange nuts

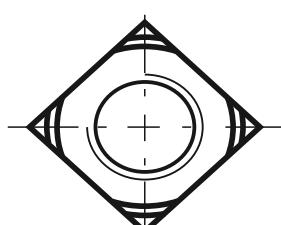

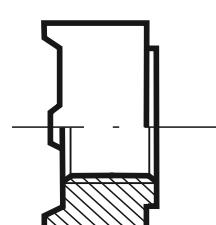

*Matrice šestihranné pro přivařování,
(podle normy DIN 929)*

Hexagon weld nuts

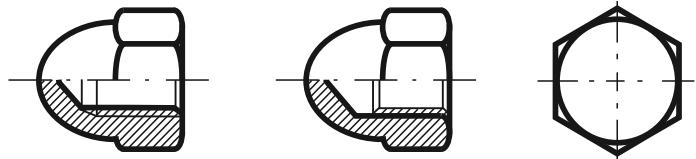

*Matrice čtyřhranné pro přivařování,
(podle normy DIN 928)*

Square weld nuts

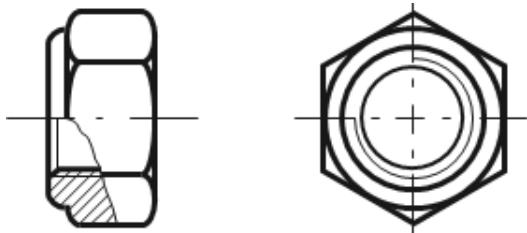

**Matrice uzavřené,
(podle normy DIN 1587)**

Hexagon domed cap nuts

**Matrice šestihranné samoříjstné,
(podle normy DIN 985.8, DIN 985.10, DIN 985 fine thread)**

Prevailing torque type hexagon nuts with non-metallic insert

**Matrice samoříjstná šestihranná svírací celokovová,
(podle normy DIN 980V.8)**

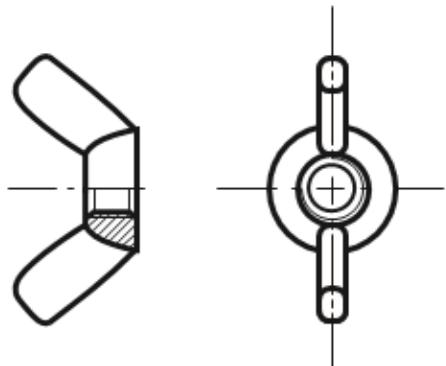

Prevailing torque type hexagon nuts, all-metal nuts

**Matrice samoříjstná šestihranná vysoká s nekovovou vložkou,
(podle normy DIN 982.8)**

Prevailing torque type hexagon nuts with non-metallic insert

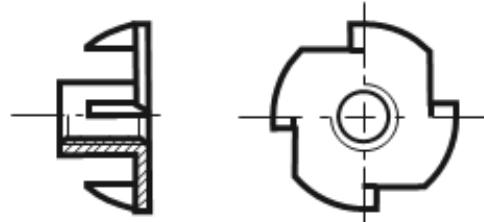

**Matrice křídlaté,
(podle normy DIN 315)**

Wings nuts

**Matrice narážecí,
(podle normy DIN 900A)**

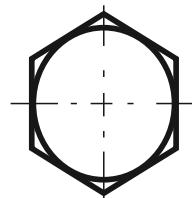

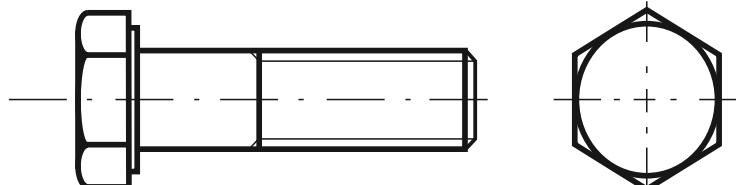

Drive-in nuts

ŠROUBY - SCREWS

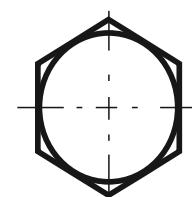

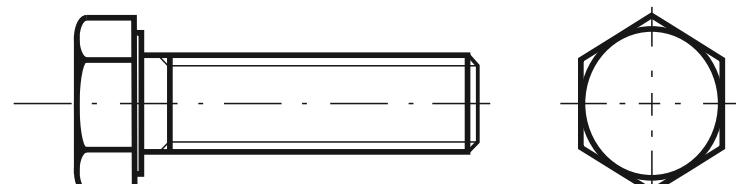

Šrouby se šestihrannou hlavou s částečným závitem, (podle normy DIN 931 8.8, DIN 931 10.9)

Hexagon head bolts, partial thread

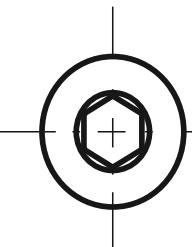

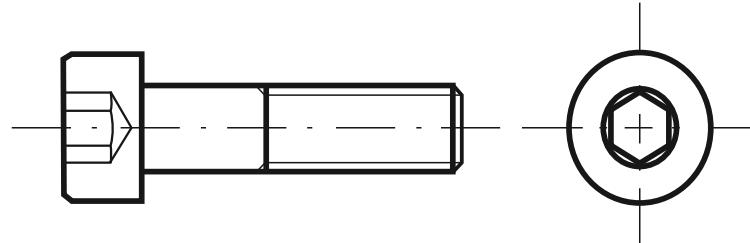

Šrouby se šestihrannou hlavou, (podle normy DIN 933 8.8, DIN 933 10.9)

Hexagon head screws, full thread

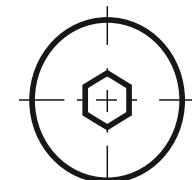

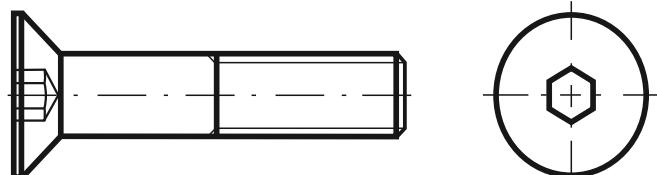

Šrouby s válcovou hlavou a vnitřním šestihranem, (podle normy DIN 912 8.8, DIN 912 12.9)

Hexagon socket head cap screws

Šrouby se zapuštěnou hlavou a vnitřním šestihranem, (podle normy DIN 7991 10.9)

Hexagon socket countersunk head screws

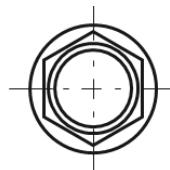

Šrouby s půlkulatou hlavou a vnitřním šestihranem, (podle normy ISO 7380 10.9)

Button head socket cap screws

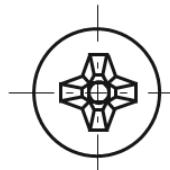

*Samovrtné šrouby se šestihrannou hlavou – provedení K,
(podle normy DIN 7504K)*

Self-drilling screws - K

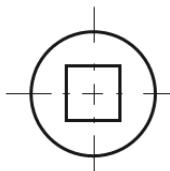

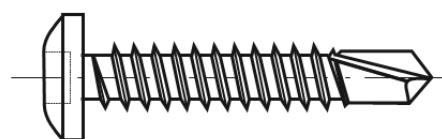

*Samovrtné šrouby s půlkulatou hlavou – provedení N,
(podle normy DIN 7504N)*

Self-drilling screws – N

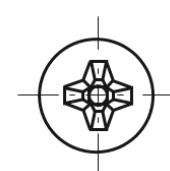

*Samovrtné šrouby s půlkulatou hlavou, vnitřní šestíhran – provedení V,
(interní označení DIN 7504V)*

Self-drilling screws square

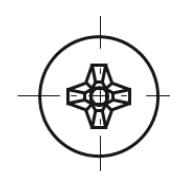

*Samovrtné šrouby se zapuštěnou hlavou – provedení P,
(podle normy DIN 7504P)*

Self-drilling screws – P

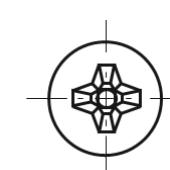

*Šrouby do plechu s půlkulatou hlavou – CH,
(podle normy DIN 7981)*

Cross recessed pan head tapping screws

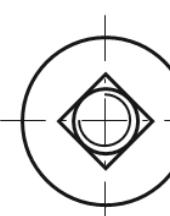

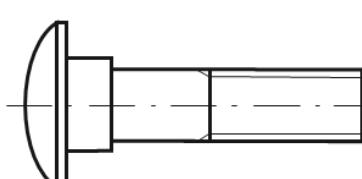

*Šrouby do plechu se zapuštěnou hlavou – CH,
(podle normy DIN 7982)*

Cross recessed countersunk head tapping screws

*Vratové šrouby,
(podle normy DIN 603)*

Mushroom head square neck bolts

**Kotevní šrouby s plochou hlavou TURBO,
(interní označení DIN 7506A)**

Windows frame screws

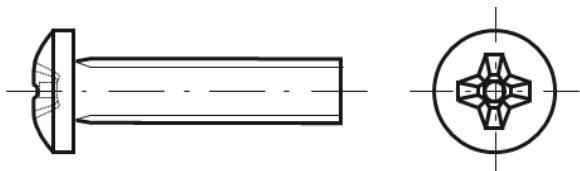

**Kombišrouby – TORX,
(interní označení KOMBI)**

Dowel screws with wood and metrci thread - TORX

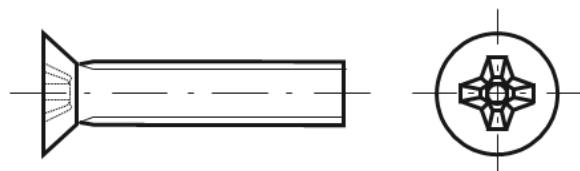

**Šrouby s půlkulatou hlavou s křížovou drážkou,
(podle normy DIN 7985)**

Cross recessed raised cheese head screws

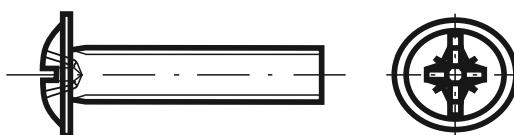

**Šrouby se zápustnou hlavou,
(podle normy DIN 965)**

Cross recessed countersunk flat head screws

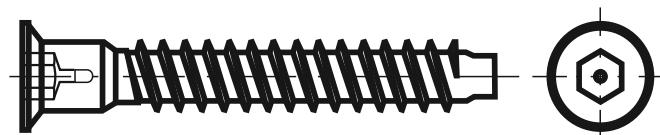

**Šrouby okrasné,
(podle normy DIN 967)**

Cross Recessed Pan head screws with Collar

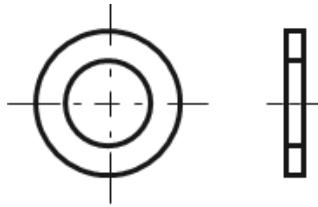

**Konfirmáty,
(interní označení DIN 7506B)**

Hexagon socket Conner connectors

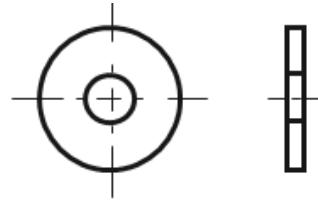

PODLOŽKY - WASHERS

*Podložky ploché kruhové,
(podle normy DIN 125)*

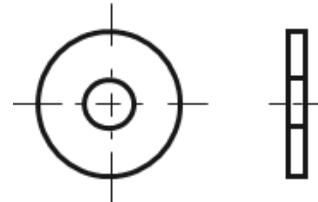

Washers without chamfer

*Podložky pro dřevěné konstrukce,
(podle normy DIN 440R)*

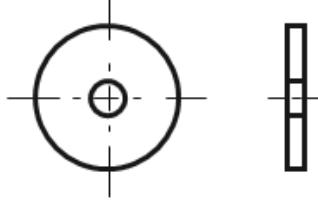

Washers for wood construction

*Podložky pod nýty,
(podle normy DIN 9021)*

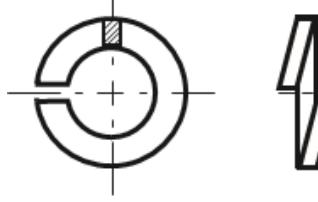

Fender washers

*Karosářské podložky,
(podle normy D901)*

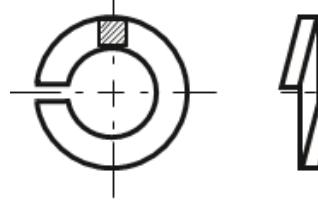

Body washers

*Podložky pružné s obdélníkovým průřezem,
(podle normy DIN 127)*

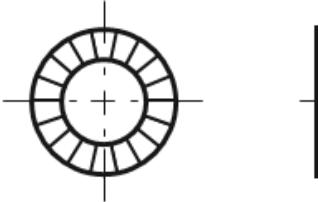

Spring lock washers with square ens

*Podložky pružné s čtvercovým průřezem,
(podle normy DIN 7980)*

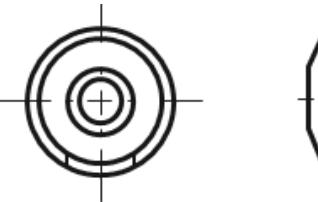

Spring lock washers for screws with cylindrical heads

*Podložky vějířové,
(podle normy DIN 6798A)*

Serrated lock washers

*Podložky s gumou EPDM,
(interní označení DIN EPDM)*

Washer with elastomer ring

TYČE - THREADED RODS

Závitové tyče,
(podle normy DIN 975 4.8, DIN 975 8.8, DIN 975 10.9, DIN 975 4.8 INDUSTRY 6G)

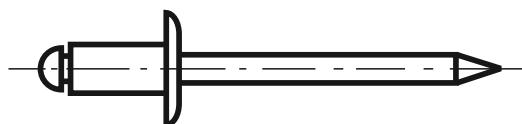

Threaded rods

NÝTY - RIVETS

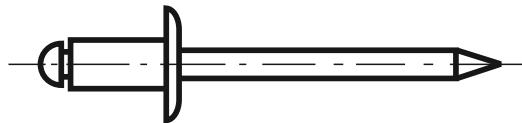

Trhací nýty AL/ST,
(podle normy DIN 7337)

Blind rivets

Trhací nýty ST/ST,
(podle normy DIN 7337)

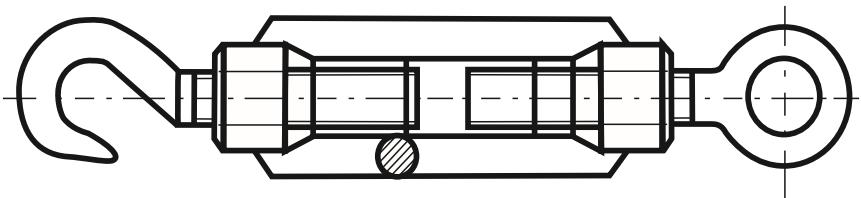

Blind rivets

NAPÍNAČE - TURBUCKLES

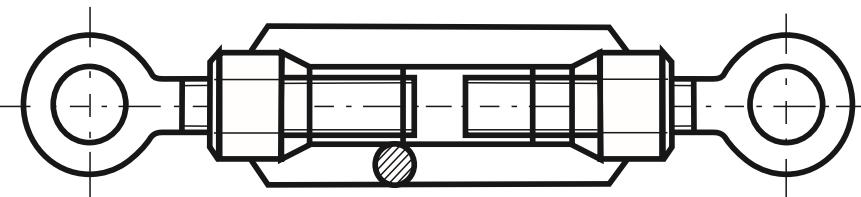

*Napínače oko – hák,
(podle normy DIN 1480 O-H)*

Turnbuckle eye - hook

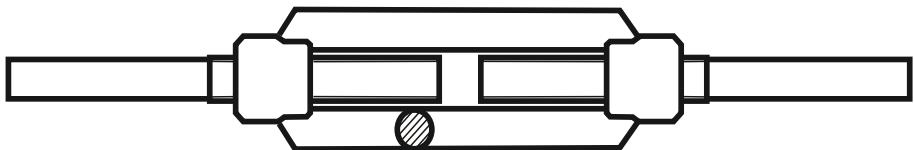

*Napínače oko – oko,
(podle normy DIN 1480 O-O)*

Turnbuckle eye-eye

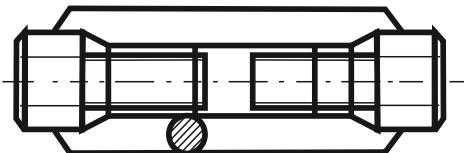

*Napínače s navárovacími konci,
(podle normy DIN 1480 T-T)*

Turnbuckle welding ends

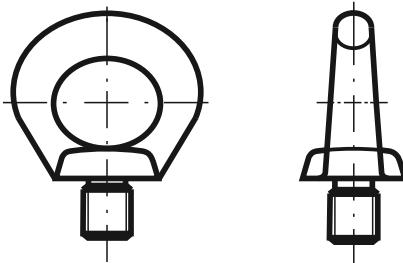

*Napínače,
(podle normy DIN 1480)*

Body of turnbuckle

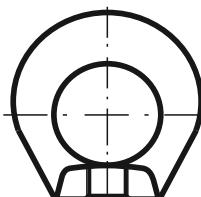

*Šrouby závěsné,
(podle normy DIN 580)*

Lifting eye bolt

*Matici závěsné,
(podle normy DIN 582)*

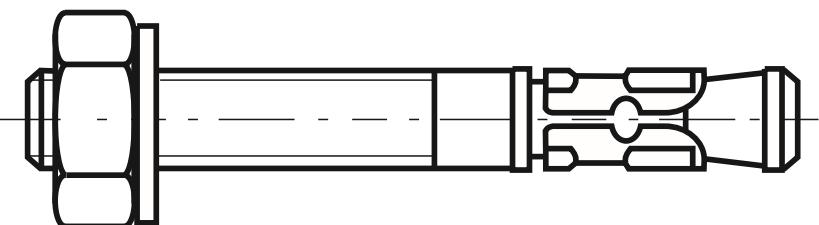

Lifting eye nut

KOTVY - WEDGE ANCHORS

*Průvlakové kotvy s ETA, option 7,
(interní označení PK)*

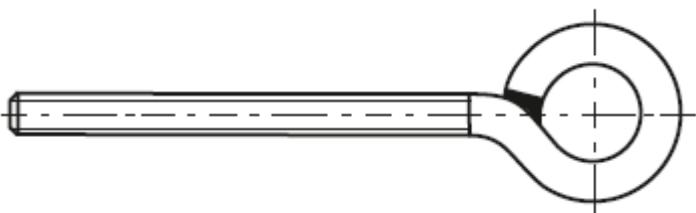

Wedge anchor with ETA, option 7

OKA - EYE BOLTS

*Lešenářská oka,
(interní označení LO)*

Eye bolt, welded, thread for wood

HMOŽDINKY - HAMMER PLUGS

*Natloukací hmoždinky zapuštěné,
(interní označení HNZ)*

*Hammer drive plugs with nails without
collar*

*Natloukací hmoždinky s límcem,
(interní označení HNL)*

Hammer drive plugs with nails with collar

*Hmoždinky kovové rozpěrné,
(interní označení HKR)*

Expansion metal plug for gas concrete
